Dear Parishioners

As I am writing this we are all acutely aware of the war which is taking place in Ukraine and the people there who are so severely affected. For most of us, this will be the first time in our lifetimes or memory, Europe finds itself at war. We will all be worried, not so much for our own safety but for all those caught up in it. We have been taken by surprise I think to a large extent the world has been taken by surprise.

It will seem to many of you that as we start to emerge from the pandemic we have new challenges to meet. The cost of living is certainly increasing but compared to those caught up in the devastation of war we hardly dare complain. Recently in Kirkoswald there was an appeal for items for the children of the refugees in Poland. Within the two hour window, when donations were received, the response was overwhelming from local people. Several further volunteers gathered the next day to sort and place the items in a lorry which had to do two trips to deliver the gifts to the collection destination. As in the last two years the community response in the Eden Valley has been very uplifting.

We are approaching the Easter season and are in this period of Lent. For Christians Lent is the period of waiting before the great event of the Christian year: the remembrance of the death and resurrection of Christ that gives all who trust in him forgiveness and eternal life. The importance of Easter cannot be underrated, it is the most detailed account of anything in the Bible. Similarly, with its forty days of anticipation, Lent focuses us on Easter. We have got used to the idea of Advent calendars with their daily open-door path to Christmas. Lent is, if you like, an invisible Easter calendar of forty days leading to the cross and resurrection. (It's worth noting that one is often marked with the daily presence of chocolate and the other – at least for some Christians – marked by chocolate's absence). This lengthy build up is important, particularly this year as we pray for peace and look for those opportunities where we can help in any way those who are suffering from the consequences of war.

Hope you have a peaceful Easter

Katharine Butterfield

Gigabit Internet - Broadband for the Rural North
(B4RN)
An Update for Gamblesby and Unthank

After a number of months of apparent inactivity, residents who signed up for the B4RN Gigabit all fibre broadband will be pleased to know that the new service is close to being provided. For those who didn't sign up, don't worry, you still can get the service. Following B4RN's successful lobbying of the Department of Culture Media and Sport, the scheme has been extended to provide project funding beyond the previous closing date of 30 September 2021. Support will now stay in place until the Melmerby installation project has been completed.

The planning of our project will soon move to the build phase. This means that you will start to see digging equipment appearing between Busk and Melmerby. This will be the installation of ducting from the start of the route (next to the bus shelter in Melmerby) to join up with the ducting that has already been installed throughout KO village and then on through Parkhead and Renwick and which terminates near Busk. The first stage will, unfortunately but necessarily, be a short road closure starting 11th April in the narrows at the southern end of Gamblesby to allow ducting to be buried into the roadway, as there is no verge at this point that can be used. The remaining ducting from Melmerby to Busk will be completed after that – mainly by B4RN contractors using a mole plough to reduce the impact on the ground.

Before B4RN can connect fibre to participating households, the householders must have 7mm ducting in place from their house to the boundary of their property, and visible at the roadside, so that the B4RN contractors know at what point to dig to when they start installing ducting along verges and across Gamblesby village green. Once this is installed, and before B4RN install the actual fibre to each property, the householder needs a House Connection Kit. This consists of an external and an internal junction box, which will need to be installed either by the local team of dedicated B4RN volunteers, or by a B4RN approved contractor.

The volunteer team can install both ducting and boxes for a total cost of only £50. Typically, a contractor would charge £50-£60 for fitting just the boxes with additional charges of £100 or more for installing the ducting depending on the complexity of the site and the length of ducting required.

Site visits by the B4RN volunteers to discuss routes and options have already started – look out for them, they will be wearing B4RN identity badges, and as they all live in the villages, you will most likely know them.

There is still an opportunity for those who have not signed up for this 1000Mbps full fibre broadband service to do so, though this opportunity will cease once the project has been completed. After that time, the installation costs will increase significantly as the volunteer team will disband and the householder will have to pick up all the costs and organise their own equipment and ducting installation. Furthermore the £150 voucher from the Government, to offset these costs, will cease.

If you would like to join the Volunteer Group, have any questions about what is planned or wish to take the new B4RN service, please speak to a member of the Group or email us on b4rn4ganuv@gmail.com

TOWNSEND THEATRE PRODUCTIONS

YES! YES! UCS!
MELMERBY VILLAGE HALL
SATURDAY 30TH APRIL AT 7. 30 PM

Townsend Theatre present the story of Upper Clyde Ship Builders Work-In of 1971/72.

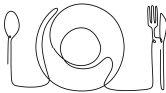

With the Glasgow and Clydebank shipyards under threat of closure from lack of investment from the new Tory government, shop stewards began a peaceful protest designed to show that workers weren't just willing to work, but that unemployment was a political choice.

As the workers took over the yards to continue building ships support came from all over the country including poets and musicians; The Dubliners, Billy Connolly, John Lennon to name but a few.

Featuring live folk and rock music of the era and a powerful theatrical story-telling style the message of hope, social justice and the fight for the right to work are brought vividly to life in another of Townsend Theatre's unique portrayals of social justice.

Tickets: adults £10 families £25

MEMO NEEDS ANOTHER TYPIST

What is involved?

You need to give up a weekend twice or, at most, 3 times a year. Articles come on a Friday and Memo needs to be ready for the printer by the following Wednesday. This gives time for the proof-reader to check everything and for any tweaks to be completed. Usually, our typists pass their finished draft to the proof-reader on the Sunday and it's all finished by the Monday.

What skills do you need?

We use Microsoft Publisher (which we'll provide) so you need a Windows computer and a printer. You'll be given the text and some of the images, but you'll be able to be creative with lay-out and clip-art. You will need to be able to use Publisher but we will give you clear guidelines and there will always be someone to call to get advice or guidance, and our proof-readers are brilliant at spotting slip-ups.

To find out more (no obligation!), phone Iain on 01768 881302 or email: iainb1951@gmail.com
